## Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133).
- Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

## Status

- 1) ☐ Responsive to communication(s) filed on 23 April 2003.
- 2a) ☒ This action is **FINAL**. 2b) ☐ This action is non-final.
- 3) ☐ Since this application is in condition for allowance except for formal matters, prosecution as to the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

## Disposition of Claims

**DETAILED ACTION**

***Election/Restrictions***

This application contains claims 10-43 drawn to an invention nonelected with traverse in Paper No. 5. A complete reply to the final rejection must include cancelation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

Applicant's amendment has been entered and applicant's remarks carefully considered. Claims 1,7,9-44 are pending. Claims 10-43 are withdrawn from consideration. Claims 1,7,9 and 44 are being examined in this action.

***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1,7,9,44 are rejected under 35 U.S.C. 102(b) as being anticipated by Petrow, US 4,581,229.

Table 2 in col 5 discloses a composition comprising stearalkonium chloride, which is a quaternary ammonium compound, thus reading on claims 44, and lanthanum sulfate hydrate, reading on claims 1 and 7. Regarding claim 9, applicant's recitation of what is disclosed by the instructions is not patentably distinct from the product. "Where

Art Unit: 1751

sole distinction set out in claims over prior art is in printed matter, there being no new feature of physical structure and no new relation of printed matter to physical structure, such claims may not be allowed; it is only where claims define either new features of structure or new relations of printed matter to structure, or both, which new features or new relations give rise to some new and useful function, effect, or result, that claims may be allowed; particular branch of art considered does not change these principles.” *Ex parte Gwinn* 112 USPQ 439. As the composition is anticipated, and the instructions do not give rise to a new and useful function, effect or result, they do not contribute a patentable difference to applicant's invention.

Claims 1,7,9 and 44 are rejected under 35 U.S.C. 102(b) as being anticipated by Umezawa et al., US 3,840,401. The composition in column 7 lines 28-31 discloses a fabric treating solution comprising lanthanum chloride and polyoxyethylene alkyl ether, which as a polyethylene oxide material as claimed in claims 1,7 and 44. Said composition is applied to wool cloth, thus reading on the instructions in the kit claimed in claim 9.

### ***Claim Rejections - 35 USC § 103***

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 1,7,9 and 44 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Beavan et al, US 4,445,901.

Beavan et al. disclose fabric conditioning compositions containing a fabric softening agent , including all listed in claim 44 (see column 2 lines 21-44) and lanthanum chloride (Col 4 line 18). This disclosure anticipates the claims. Alternatively there is no working example of a fabric softening composition containing lanthanum chloride. It would have been obvious to the skilled artisan that patentee teaches that the compositions containing further electrolytes, including lanthanum chloride, are included in applicant's invention. See first paragraph of col 4.

### ***Conclusion***

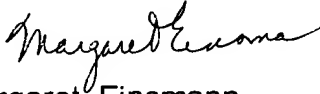

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
